Quick Reference Guide Edit Pages: Rotate Image

Introduction:

If a document is scanned into OnBase incorrectly, you can easily fix it using the "Image" tab. In this example, you will learn how to rotate an image.

1. Once you open the document, make sure you are on the "Image" tab.

				Viewer										
		Home	Document	Image	ノ									
	7	2	1	2				Envelopes Query History						
	Home	Personal Page +	Favorites	Custom Queries	Retrieval	File Cabin		Document Handle	Forms	Upload	Mailbox			
ľ		Favorite			Documents				eate	Internal Mail				
]	👫 Doc	ument Re	trieval				Search Results: 1 of 1 Document(s) Selected							
	Docun	nent Type	s and Group)S	L.	*								
l	Admission - Undergraduate						Icon	Name						
	AD ADIN Letter													
	AD Admission Letter						_	AD Admission Lette	Admission Letter for WASHINGTON, GEORGE					

2. As you can see, the image is not correctly orientated. Click on "Rotate Right"

oggle mbhails	Coom In Coom Out Fit To Width	Actual Size	Edit Pages	Split Document	Toggle Overlay	S Rotate Left Modi	Rotate	🚓 Flip	Horizontally Vertically e Flip & Rota	
Documen	nt(s) Selected									
						Tw	pe		Date	
					-			-	•	-
or WASHI	NGTON, GEORGE						Admission		9/30/2013	
or WAS	SHINGTON, GE	ORGE								

3. Once the image is correctly rotated, click "Save Flip & Rotation". If you do not save your changes then you will lose all your work.
