Monthly Update

Important Note

Academic Building Wireless Update
Wiring and access point installation to strengthen the wireless signal in McComsey has been completed. Additional new access points are currently being installed in Caputo, and wiring has begun in Roddy.

Outdoor Wireless
The outdoor wireless around the pond, and in the area bordered by the Villages, the SMC and Gordinier, is operational. IT is currently working with the vendor to eliminate dead zones.

Project Update

Curriculum Review
• The new Curriculum Review System will launch at the beginning of the fall semester.

Tenure Electronic Application Process
• A demo of the new electronic tenure solution was presented to the Deans’ Council and several faculty for review. A pilot program will be available for the fall semester.

Test Scoring
• A new test scoring system has been purchased and will be implemented during the fall semester. Additional information as well as training opportunities will be forthcoming.

Classroom/Lab Upgrades
• McComsey and Winter Center classroom upgrades have been completed. Training will be scheduled prior to the start of the fall semester.
• The Jefferson Athletics Lab, the Foreign Language Lab, and the Geography Lab upgrades are currently in progress.

Banner 9 is Coming!
In early October a new version of Banner INB/Forms will be introduced with several improvements - a modernized user interface and enhanced navigation, a consistent look and feel, more browser support, and improved system messaging. Details will be forthcoming.

Banner Jumpstart Training (Data Entry/Banner 9) will be offered on August 17, 2017 from 8:30 AM to 10:30 AM in Boyer 235. Please call the Help Desk at x7777 if you are interested in attending.

Check Out Our Systems Status Report
Want to know if a system is down or under maintenance? Check out our new live report at http://status.millersville.edu or just click the “StatusPage” icon on the bottom row of the logins page. Most importantly, since this report resides in the cloud, it can be accessed even if the campus internet is down. Give it a try!
