Important Note

Academic Building Wireless Update
Wiring and access point installation to strengthen the wireless signal in McComsey and Caputo was completed over the summer. Wiring is currently being completed in Roddy, and the upgrade design is being developed for Osburn.

Credentials—Online Transcript Request System
"Credentials", an online transcript request system which can securely transmit a student transcript to a destination of choice, was implemented on August 8, 2017. So far we have successfully processed over 450 transcript requests electronically.

Outdoor Wireless
The outdoor wireless around the pond, and in the area bordered by the Villages, the SMC and Gordinier, is operational. IT continues to work with the vendor to eliminate dead zones.

Website Redesign
Please see the blog for assistance to clean up your sites and summarize your content: http://blogs.millersville.edu/newsite/2017/08/03/simplify-your-site/

Monthly Update

September 7, 2017

Help Desk
Help Desk Hours:
Fall/Spring Semesters:
M-Th 7:00am - 7:00pm EST
F 7:00am - 5:00pm EST
Summer Sessions:
M-F 7:00am - 5:00pm EST

Did You Know?
IT has moved its E-Waste Recycling Program to the Trolley Barn.
To recycle electronics: http://www.millersville.edu/purchasing/disposal-form.php

Banner 9 is Coming!
In early October a new version of Banner INB/Forms will be introduced with several improvements - a modernized user interface and enhanced navigation, a consistent look and feel, more browser support, and improved system messaging. Details will be forthcoming.

Check Out Our Systems Status Report
Want to know if a system is down or under maintenance? Check out our new live report at http://status.millersville.edu or just click the "StatusPage" icon on the bottom row of the logins page. Most importantly, since this report resides in the cloud, it can be accessed even if the campus internet is down. Give it a try!

Project Update
Curriculum Review
• The new online tool launched on August 28, 2017. Faculty training is currently underway.

Tenure Electronic Application Process
• A pilot program will be initiated soon.
