Did You Know?

IT is currently scoring the bids received from our RFP for a new CISCO phone system. We hope to have a vendor selected and the contract approved soon so we can start deploying new phones this summer. The new VoIP system will be hosted in our new datacenter giving us more control so we can shorten your wait for adds, moves, and changes. Plus, we will be able to offer you many new features!

Zoom Web and Video Conferencing is here!

Zoom is a system available to Millersville University students, faculty, and staff for hosting and participating in online meetings, presentations, and conferences related to coursework and University interests. Zoom is not intended for personal use outside course and University interests.
