Over the summer all of the classrooms in the War Center and Stayer were upgraded to the latest classroom technology. In addition, the lab in Odum 303 was also updated. All IT staff members display their university identification cards on lanyards or belt clips. Please feel free to ask them for identification if they are working in your offices.

Staff members can be verified by using People Finder on the web. Student workers can be verified by calling the Help Desk at X-7777.

IT Governance

IT Governance for 2018-2019 will begin meeting again soon. If you have any IT issues you wish to have discussed, please contact your IT Governance representative.

Administrative Council for Technology: September 19, 2018, 10AM (Boyer)
Academic Council for Technology: September 21, 2018, 2PM (Boyer)
IT Advisory Council: September 28, 2018 (McComsey, Gerhart, McComsey, Breidenstine, Caputo, Osburn, Roddy, Hash/Bassler, Luek, Shenks, and Stayer)

Website Redesign

The website is looking great. However, we need your help in updating and keeping your departmental pages current.

CASCADE trainings are still available. In addition, CASCADE Workshops are currently being offered to those who have previously attended CASCADE training, but feel they need some additional help to manage their sites.

Take advantage of this one hour workshop to spend one-on-one time with a CASCADE administrator who can provide assistance and suggestions. Photoshop training is also available to those who have previously attended CASCADE training, but would like instruction for sizing images for their site.

Office 365

Office 365 is available for use from the logins page! Click Here

You have access to full copies of MS for up to 5 personal devices. Additionally you have access to the suite of online tools in Office 365 including OneDrive (1TB of storage with easy file sharing), Outlook online and increase mailbox sizes from 2GB to 50GB.

This will provide web access to the newest version of Office 365 including OneDrive, Word/Excel/PowerPoint online (collaborative edit documents, track changes and versioning), Outlook and additional applications that Microsoft is releasing (Teams, OneNote, PowerPoint online, Outlook online and increase mailbox sizes from 2GB to 50GB).

Office 365 Email is coming soon. Student mailboxes will be migrated this summer. Faculty/Staff mailboxes will be migrated over the Fall and Winter sessions. This will provide web access to the newest version of Outlook online and increase mailbox sizes from 2GB to 10GB.

For more information and help guides: Click Here and just select the application you'd like more info on.
