Mission

Millersville University provides diverse, dynamic, meaningful experiences to inspire learners to grow both intellectually and personally to enable them to contribute positively to local and global communities.
The School of Education is dedicated to enabling all students to demonstrate the identity and the responsibilities of professionalism and engaged citizenship. Faculty members guide undergraduate and graduate students in applying the appropriate knowledge, skills, and attitudes in diverse communities.

The Millersville Scholars Program provides a supportive community for students to strengthen the skills needed to excel in college. The program encourages students to question, alter, inspect, and challenge their experiences for the purpose of constructive self-actualization. Students and staff of the Millersville Scholars Program provide a supportive community for success that allows students to share experiences, strategies, and a positive vision for the future.

Millersville Accounting Office, part of the Finance Division, is responsible for the University’s accounting services. The Office serves both internal and external constituents, and provides monitoring of the accounting information system, maintaining chart-of-accounts, ensuring the University’s compliance with generally accepted accounting principles, preparing University annual financial statements, coordinating with various external auditors, grants and contracts accounting, assisting other departments in accounting matters and in strengthening internal controls, providing internal and external accounting reports, filing applicable taxes, and performing accounts payable functions.
