Accounts and Network Access

Overview

We offer general Millersville login accounts and network access (both wired and wireless) to the entire University community.

Requirements

- Available to: Students, Faculty, Researchers, Staff, Departments, New/Incoming Students, Guests
- **Students** -- Students living in the residences must have paid the Technology Fee before connecting to the network in one of the residences.

Key Features

- A single Millersville login name and password provide access to most major computing services.
- Network access is widely available throughout campus.
- You can work remotely through secure connections that provide access to the same resources you enjoy on campus.

Getting Started

Just read the pages in this section on accounts and network access and follow the instructions:
- Wireless Network
- Employee Accounts Overview
- Email Accounts
- Student Accounts Overview
- Guest Accounts Overview
- Finding the MAC Address of a Device
- Logins
- Logins and Passwords Guide
