How to Create your First Class:

1. Your first time opening the i-clicker software, your screen should look as follows

   ![Screenshot of i-clicker software](image1)

2. Click the “Create” button located on the bottom left corner of the “Select a Course” screen, shown here in the orange box

   ![Screenshot of Create button](image2)

3. You will be prompted to name the class you will be creating, make sure to be as specific as possible when naming your classes to avoid later confusion.

   The name of your class in the i-clicker software does not need to match what your class is named in D2L
4. After naming your class, the class should appear in the "Select a Course" menu
