MAX Login Change Occurring Monday July 25th During Regularly Scheduled Maintenance

MAX login page will change the evening of July 25th during Monday Maintenance. Authentication to MAX will change from using M Number and PIN to using your myVILLE Username and Password, just as you would for myVILLE, Wiki or Cascade.

Benefits:

- Only 1 account to remember, no longer need to remember M Number and PIN
- Easier for a user to switch between systems without having to login again
- More secure since passwords are longer in length and should be using a stronger set of characters

Infographic showing the change
