Commitment to an Inclusive Community

Established 1997

- We foster a campus climate that promotes racial and cultural diversity
- We explore, facilitate and advocate ways to expand racial and cultural diversity
- We support university policies, practices and programs pertaining to racial and cultural diversity

At Millersville University of Pennsylvania, we hold that an inclusive community is a core value that is an essential part of the foundation for our community. Millersville is firmly committed to supporting and advancing the diversity of its campus community. We see diversity as being a characteristic of the community and all its constituents, rather than representing an individual deviation from society’s perceived historical norms. We believe that the University is enhanced by fostering a diverse community.
