Logging on to Banner

How do I open and log in to Banner?

1. Double-click the Banner Production icon ( ) on your Windows Desktop.
2. An Internet Explorer window will open. Do not close this window until after you exit your Banner session. You may minimize the Internet Explorer window if you like.
3. Wait a few seconds for an Oracle Developer Forms Runtime window to appear.
4. In the Logon box inside the Oracle Developer Forms Runtime window, type your Banner username and password into the appropriate fields.
5. In the Database field, type "muis_db" without the quotation marks.
6. Click the "Connect" button.
7. If a Java security warning window appears, click the "No" button.
8. Wait several seconds for your login to process and for the Banner user interface to load in the Oracle Developer Forms Runtime window.
