Bassler Production Facilities and the Communication Equipment Room, (CER)

Bassler Production Facilities and CER

Bassler Hall houses eight editing rooms, two digital media computer labs, two studios, a large control room, and 24 channel C|24 Pro Tools room. It is also home to the Communication Equipment Room or CER where students in broadcast production classes sign out equipment.

Students currently taking production classes in the Communication and Theater Department are able to sign out edit rooms, Studio 1, Studio 2, Control room 1, C|24 Pro Tools HD room, and field equipment. The labs are open to anyone during the open lab times.

MUTV 99.1, the Millersville NBS chapter, and the Millersville student SMPTE chapter have offices in Bassler and use the television studio to create most of their content.

- Avid Client Workspaces, Bassler 120 & Bassler 121 Labs
- Basic Production and Editing
- Control Room 1
- Sony Cameras
- Computer Labs
