Reading List

Also known as LibrarySearch or Curriculum Builder, Reading List brings digital resources from the McNairy Library and Learning Forum into D2L courses. Relevant lists of ebooks, journal articles, and more can appear within content and other tools.

- Reading list information for Instructors
- Adding an item to a reading list
- Adding a reading list link as a content topic
- Adding a reading list link within a content topic
- Adding a web page to a reading list
- Adding notes to a reading list
- Arranging items in a reading list
- Making a shared reading list private
- Removing an item from a LibrarySearch reading list
- Sharing a reading list
