As part of our commitment to continuous investment in learning and development, PASSHE Academy was designed to offer virtual and facilitator led programs to employees and students of the 14 universities and the Office of the Chancellor.

These programs are designed to help you invest in your personal and professional development, strengthen your knowledge and skills, enjoy a sense of satisfaction at work and home, and empower you and others to step outside of your comfort zone.

Programs feature both internal and external subject matter experts and focus on a variety of topics such as communication, leadership, personal development, productivity, wellness and more. Most programs are virtual, offering convenient, easily accessible learning that you can listen/watch anytime, anywhere, and at your own pace. Whether you prefer to view a webinar, listen to a teleseminar, or read an email campaign at your leisure, enrichment opportunities are made available in a variety of formats to help you enhance your learning in a way that suits your learning style.

Click HERE to access the PASSHE Academy portal. (Please note that the portal is hosted on West Chester University's website.) Simply enter your MU login credentials and begin exploring opportunities using the filter options on the screen.
