D2L Password

D2L now uses MyVille's login credentials to permit access to the system. All current students should have access to D2L. Current students should be able to log in to Desire2Learn even if they are not currently enrolled in a course that uses the system.

If your MyVille username and password are not working for D2L, that means you must change your MyVille Password to get them to synchronize.

Note: If changing MyVille password does not work, call the Help Desk. They can verify that your D2L account exists and look into any further problems.
