Printing a content topic
How do I print a content topic?

These instructions assume you are in content.

1. Navigate to the topic you wish to print.
2. Locate “Print” near the upper right side of the page, just below the navbar.
3. Click “Print”.
4. Use your computer’s print window to select a printer, choose appropriate print options, and print the topic.

Can I select and print multiple topics at one time?
Unfortunately, no.
