Available from the resource menu, from your My Home page, and from many course homepages, you can use the calendar tool to see the dates of important course, university, and D2L system events. Do not rely exclusively on the calendar though; within each of your courses, be sure to additionally check the syllabus and other course areas for important dates that do not appear on the calendar.

- Calendar information for Instructors
  - Deleting a content event from calendar
  - Deleting an assignments event from calendar
- Enabling calendar subscriptions
- Subscribing to a calendar with Apple Calendar
- Subscribing to a calendar with Google Calendar
- Subscribing to a calendar with Outlook
