Printing a content topic

How do I print a content topic?

These instructions assume you are **in content**.

1. Navigate to the topic you wish to print.
2. Locate the Print icon near the upper right side of the page, just below the navbar.
3. Click the Print icon.
4. Use your computer's print window to select a printer, choose appropriate print options, and print the topic.

Can I select and print multiple topics at one time?

Unfortunately, no.
