

# Password Changes on May 12

At approximate 9:30 a.m. on Thursday, May 12, 2011, Desire2Learn will be switching to a new login system. While the login page will look the same, behind the scenes, Desire2Learn will become better integrated with other Millersville University computer systems. While your Desire2Learn username will remain the same, your Desire2Learn password will be changed to match that which you use to access your Millersville email and the my'VILLE portal.

## Students

On Thursday, May 12, you will need to update your Millersville password via the [Student Password Portal](#) before you can log in to Desire2Learn.

## Faculty and Staff

Your Desire2Learn password will be the same as your Electronic Self-Service (ESS) password.

## More Information

For more information, please see the [username and password help page](#).
